E70 Advanced Crash Safety Module (ACSM)

Subject	Page
Introduction	4
Advanced Crash Safety Module ACSM	4
Schematic Circuit Diagram ACSM E70	6
Functions	8
Basic Tasks of ACSM	8
Crash-Relevant Functions	8
Evaluating the Sensor Signals	9
Detecting a Crash and Determining the Triggering Times and the Order	10
Triggering the Output Stages of the Firing Circuits	10
Outputting the Crash Telegram	11
Crash Entries	11
Emergency Call Functions	12
Automatic Emergency Call	12
Breakdown Call	12
Manual Emergency Call	12
Rollover Protection System	13
Rollover Detection	13
Functional Principle of the Yaw Rate Sensor	15
Seat Position Detection	16
System Monitoring Functions	16
System Self-test (pre-drive check)	16
Cyclic Monitoring	17
Indication of System Operability	17
Fault Indication and Fault Storage	17
Fault Output (diagnosis)	17
Seat Belt Reminder Function	17
Deactivation of SBR Function	19
Deactivation of Passenger Airbags	19
Passenger Airbag OFF Light	19
OC3 Mat	20
